

Michigan Paraprofessionals and NCLB

The law requires teachers and paraprofessionals become Highly Qualified.

For the purposes of Title I, Part A, a paraprofessional is defined as an employee who provides instructional support in a program supported with Title I, Part A funds. This includes paraprofessionals who do the following:

1. Provide one-on-one tutoring if such tutoring is scheduled at a time when a student would not otherwise receive instruction from a teacher.
2. Assist with classroom management, such as organizing instructional and other materials.
3. Conduct parental involvement activities.
4. Provide instructional assistance in a computer laboratory.
5. Provide support in a library or media center.
6. Act as a translator, or provide instructional support services under the direct supervision of a teacher.

Michigan paraprofessionals are required to hold a high school diploma (or equivalent) regardless of their assignment.

Individuals who work in food services, cafeteria or playground supervisors, personal care services, non-instructional computer assistance, and similar positions are not impacted by the legislation. These individuals do not need to meet the requirements of NCLB.
